

## STANDARD FRAMES FOR CLEANING MATS - height 12 mm

Aluminium frame for mats having a total height of 12/14 mm is mounted by means of screws in a base without angular connectors.

Frame dimensions: 15 x 20 x 2mm

The frame, mounted in a traditional way by means of fastening screws, is suitable only for small private entrances as well as low-traffic offices. When mounting the frame, one should make sure there is no floor heating in the entrance area.
